Pedro and Gurney,  
Attached here is a draft version of the summary of decision that Justin intends to include in the Tranche 8 release.

This is very close to the final with mostly minor grammatical updates (e.g., sentences moved, minor word changes, abbreviation use, and incorporated changes). Of note:

Sorry to bring this to you so late. You can reply directly to Justin as he needs this for the release scheduled for Thursday.

Hi Natasha,  
Thanks for this. I am in the process of prepping things on the OS end. I've attached a small document that has a comment for Gabe asking you to look at (b) (5) regarding some proposed B5 redactions I have made to get your feedback. Any assistance you can provide on that would be greatly appreciated!

Thanks,

Justin

Dear Justin,

The SOL has cleared the files found [here](#) for release.

BOEM's review this month consists of:

- Total Reviewed = 2475 pages
- Not responsive/false positives = 152 pages
- Duplicate = 1777 pages
- Released in full = 446
- EX 5 = 80 pages = (WIP = 77; WIF = 3); DPP/ACP

The combined file with the redactions applied can be found [here](#), as well as an unredacted copy of the files, the duplicates and NR/FP.

I provided my management until 1700 on Wednesday to raise any concerns. I will let you know ASAP if anything is raised.

Additionally, because we reviewed one of the earliest and latest drafts of the Proposed Program, future reviews for the remaining drafts should be easier. By COB this Friday, I will work out the areas that contain significant edits so the reviews of the drafts should be much easier.

Let me know if you have any questions.

Tasha
